

SAMAR RABOUDI

Software Engineer

Software Engineer, recently graduated from the Higher Institute of Applied Sciences and Technology of Sousse. Passionate about web development, with a strong ability to quickly learn and apply new technologies effectively.

Education

National Software Engineering Diploma 2021 - 2024

Higher Institute of Applied Science and Technology of Sousse (ISSATSO), Tunisia

Integrated Preparatory (MPI) 2019 - 2021

Higher Institute of Applied Science and Technology of Sousse (ISSATSO), Tunisia

High School Diploma in Experimental Science 2018 - 2019

Pioneer School of Nabeul, Tunisia

Experiences

Software Engineer Intern (PFE) February-June 2024

Talan Tunisie, Tunis

- Designed and developed a web application for managing PFE internship processes at Talan Tunisie using **Angular**, **Symfony** and **MySQL**.
- Integrated a customizable evaluation process, performance tracking for interns, schedule planning for evaluations, and an automated notification module.
- Integrated AI-based personalized feedback based on intern evaluation criteria.
- Set up **CI/CD** pipeline using **Docker** and **Jenkins**, including unit tests, code analysis with **SonarQube**, and Docker image deployment.

Full Stack Web Developer Intern July-August 2023

Dracoss startup, Tunis

- Proposed an effective mockup design for the company's ecommerce website.
- Worked collaboratively in a three-person development team to implement the designed website using **Angular**, **Spring boot** and **MySQL**.

Front End Web Developer Intern July 2022

The Way Center, Tunis

- Proposed an effective mockup design for a resume builder using **Figma**.
- Created the web application using **Angular**, enabling users to enter their details, select a resume template, and easily download their CV.

Projects

Rungroups Web Application (**ASP.NET Core MVC, MySQL**) November 2023

Rungroups is an innovative online platform connecting runners with local clubs, facilitating event scheduling, and fostering community bonds.

Instanim Web Application (**Angular, Spring boot, MySQL**) May 2023

A platform dedicated to the pet owners community, integrated with an AI chatbot using OpenAI ChatGPT.
